There is available in the CIA Library a two-page report which tabulates the results of the Partito Comunista Italiano (PCI; Italian Communist Party) 1955 membership drive in Northwest Italy as of 15 January 1955, as compared to 1954 membership.

Comment. The membership figures in this report are probably only of limited value by themselves due to the fact that they apply only to 15 January 1955. It is suggested that they might prove more valuable if they were compared to corresponding figures for the same period of 1954 as related to 1953 or were incorporated into a report on membership figures for a later date in 1955.
